Elections

This is your club. Would you like to make a difference? Would you like your voice heard to make decisions for our club? Then come join the Board of Directors of the United States Auto Race Marshals. A statement to the membership isn't required but it is strongly suggested. How else can you express & share your ideas with all of the members?

Elections for the 2009 Board are coming up in November. There are 4 positions open this year. If you are interested in running please email directors@usarm.org.

Terms are for 2 years. They involve monthly meetings, possibly being involved in working councils on special projects such as the Moto-GP, club logistics, etc. The majority of our meetings are done via concall these days so that might be helpful in your consideration to join the board.

Interested? Send us an email today at directors@usarm.org or if you don't have email, send to :

USARM Grid Editor
700 E PECKHAM LN 145
RENO NV 89502-5020

The Grid editor will transcribe it into electronic format, send it to the Directors via email and save it for inclusion in the election ballot.

Dale Boender was selected as Worker of the Weekend by the USARM workers at the Porsche Owners Club event, 20-21 September 2008 at Buttonwillow Raceway Park. Ignoring dust clouds and persistent visits, we should all remember to call on him when a Porsche needs to be pushed!

Presenting the award is Jeff Melnik,
Porsche Owners Club Race Chairman.

Congratulations Dale, well done!

A note from Carl Sloan :

Thank you for the honor of being appointed to the USARM Board of Directors.

I have three overall objectives : compromise, decentralization, legalization.

I have three personal goals : membership awards selection, formal training/critiquing of individual performance, prioritizing USARM's legal status.

Some members have been interested enough to share their concerns with me in the past. In order to best adhere to a board members' primary responsibility to serve the members, I need input, input and input. It makes no difference whether or not there is agreement. It is incumbent on the membership to direct the Board's actions.

Some of my thoughts and concerns can be found at Carl's Corner in the USARM Forum.

Please contact me at sfscca@garlic.com or you may write me at 17506 Carriage Lamp Way, Morgan Hill, CA 95037 Confidentiality will be maintained upon request.

September 27th and 28th was a weekend FULL of USARM events. The vintage races were managed by USARM down in the Coronado area in San Diego. There was a Green Flag event up at Thunderhill the same weekend. Lots of our folks who would work the motorcycle races were working the AFM event up at Sears Point and then we had the AMA going on at Laguna Seca. It's incredible that the members of a club like ours can manage so many events over one weekend but it was done with ease.

I don't have the details of HMSA at Coronado other than the event went very well and everyone had a great time. I heard the same from the folks at Green Flag up at Thunderhill. The AFM was sunny, warm and great - as usual. And the AMA at Laguna Seca went great.

We had a great representation of talent at the AMA. It was bittersweet because we knew this would be the last AMA event at Laguna. Part of AMA has been bought by a group currently called DMG. They are still structuring their organization and going through the trials and tribulations of a new set-up and new management. The dust hasn't settled yet so we have to wait and see what happens. In the meantime there will be limited AMA groups who will run with us at next year's Moto-GP.

The weekend was warm, easy and lots of fun. We had a lean, mean working machine and a true family atmosphere for the entire weekend. There were lots of new folks who blended well with the seasoned vets who were at the event. The real amazing part was seeing out camping area that was full of our workers for the weekend but actually looked quite empty since we had a third of the workers we normally have working the Moto-GP. It made worker transportation easy. We ran one Draggin Wagon (More on that later), no Safety Cars, 2 Doctors and 3 Ambulances. For the first time in over 35 years we had a race with no NMPs (National Motorcycle Patrol who are our on course medical response team). I was truly concerned about running a race with no NMPs but fortunately everything worked out ok.

Thank you SO much to everyone who came out to work the final AMA and all our events that weekend! I know they were long, tiring days but you truly showed the team spirit and worked hard to make sure this was a safe race for all concerned!

Congratulations to Jan & Marty!!

Congratulations to Jan Weaver who was married to Marty Kaufman on September 11th. Jan is a USARM Board Member and Marty served on the USARM Board many years ago. Marty is the Chairman of the Stewards of the American Le Mans Series. That's a new role for Marty. He has been with IMSA for over 20 years and served the ALMS series as their Race Director for the last 10 years. Earlier this year he took on the new role. Prior to his involvement with IMSA Marty was a Chief Steward with SCCA - San Francisco Region and he spent many years as the Regional Executive as well as other roles on the SCCA-SFR Board. Jan has been on the USARM Board for over 35 years and she works with Media in the American Le Mans Series. Jan was a communicator with SCCA-SFR for over 20 years and created the Worker Transportation crew at Laguna Seca serving as the chief for about 10 years.

Here is the notice they sent out on that special day...

We probably all remember where we were on September 11, 2001 when the attacks began against our country. It affected us all in so many different ways and often those memories are frightening or sad. This date will now have new positive meaning for the two of us.

September 11th will now also be known as the date when Jan and Marty were wed. We had an informal ceremony in our living room overlooking the lake. The exalted Ms. Melanie (Pratt & Miller Corvette Racing Team) officiated and John (Chief of Emergency Services for ALMS) participated in the ceremony helping with the reading of a lovely script they had prepared.

We have been chatting recently about moving forward with our relationship and originally wanted to wait until we get to California, but trying to coordinate all that from Florida would be too difficult. We didn't want anything big and fancy for our wedding. It turns out that we had both independently thought about doing something on September 11th so that is the date on our marriage certificate - Today - September 11th, 2008.

Effective today, September 11, 2008, we are one: One love, one home, one family united in the memories of the past and the joys of our future together.

Our love to you all,

Marty and Jan Kaufman

With the final AMA this September came the end of an era that most USARM Members will reflect on with fond memories and a bit of sadness. Dave Bellina, who has been driving our Draggin Wagon for over 20 years has retired from the Draggin Wagon crew. And Mick Brown who has been on the Draggin Wagon crew for over 25 years retired.

Dave and his lovely wife, Kathy, came to a USARM race long ago as guests. Almost immediately they both got involved working the races. When Dave took over the Draggin Wagon crew he created a well-run, fun, and very effective team that expanded from one truck to two. His Draggin Wagon model has been copied across the country. The Laguna Seca team has been highlighted in magazines and on TV throughout the years primarily due to their focus on Safety, their integrity and the confidence his team instills with the riders that the bike will get back to the paddock as quickly and safely as possible.. Dave's in-depth knowledge and experience of motorcycle racing enhanced his activities. Many of the riders recognized Dave from his own motorcycle racing in years back - often to his dismay! LOL. Dave has often been consulted on matters of track-safety, logistics and safety due to his track knowledge and his focus on rider safety. Dave's relationship with AMA, prior to his working with USARM, worked well to establish the well-oiled relationship they have enjoyed for the last two decades and I anticipate that relationship will continue with the new regime.

Mick Brown was on the Draggin Wagon crew for several years before Dave came on board. Mick has been a staple at Laguna for such a long time that he can basically come and go as he pleases. Mick also has an in-depth knowledge of motorcycle racing and has been quite an asset to the entire Draggin Wagon team especially with the "guys on the back of the truck". While Dave drives Mick is working and training new folks who join the Draggin Wagon crew. Again his focus on Safety has proven to be an incredible asset to the riders as well as the entire crew.

So it's the end of an era but not the end of the fun. Dave and Mick will be back with us in other capacities next year. Dave and Mick are two of USARMS' most valued assets. Their actions over the years have truly enhanced our relationship with SCRAMP, AMA, DORNA and FIM. Nothing we can do could ever truly express the thanks they deserve for all they have done so I will simply say... on behalf of USARM -**Thank you Dave! Thank you Mick!** And... see you both soon!

USARM By-Laws are being updated

The USARM Board is actively engaged in updating our by-laws and our corporate status. Please take a moment to review the by-laws in our website and send the directors any ideas, recommendations, etc. that you would like to see incorporated into our by-laws.

2009 is a Milestone year for USARM

Our club began in 1959 to provide safety for car races. The club focused on training corner workers, establishing consistent procedures for flagging, communications and response to disabled racing vehicles. The growth of USARM club with the variety of racing events we work and the global membership we enjoy continues to enhance our activities. We learn from each other. We work hard, play harder and our focus on providing a professional work force and maintain a family atmosphere is a model for other clubs.

The Board is hard at work on next year already. We will have lots of fun things for you to look forward to in the upcoming year!

Do you want your voice to be heard?

Send email the Directors at directors@usarm.org. That email goes to all the directors. Anything you send in will be added to the agenda for the next board meeting and we will get back to you with the results.

Board Meetings are regularly scheduled on the third Tuesday of each month. At this time the Board Meetings for the remainder of the year should be...
